

# Unscramble

for your chance to **WIN!**

PPC is proud to be part of the Fresenius Kabi Group – a world leader in infusion therapy and clinical nutrition. This alliance provides a multitude of benefits enabling us to:

- Continue to provide affordable healthcare to millions of Canadians
- Broaden our product offering and further develop our oncology portfolio
- Join a team of more than 22,500 skilled personnel worldwide
- Belong to a global company which has more than 60 production sites and compounding centres
- Leverage vertical integration to enhance our global supply chain
- Provide safe and effective products through enhanced quality management systems
- Increase resources and focus on innovation and the creation of advanced safety features such as OncoShield™
